Environmental Management System Policy Statement

Policy

Gill is committed to the protection and well-being of its employees, environment and the communities in which we operate by:

- Promoting a culture of Safety and Health
- Preventing adverse impacts on our Environment
- Continuous Improvement of our Products, Processes, and Partnerships
- Meeting and where possible exceeding legal, organizational, and environmental requirements

Purpose

The Environmental Policy Statement applies to Gill activities, whether directly or indirectly involved with the manufacturing of components. The policy is communicated to all persons working for or on behalf of Gill and is available to the public.

As an integral part of this Environmental Policy Statement, Gill pledges to implement and operate an ISO14001 Environmental Management System that identifies our aspects and considers the impact that they may have on the environment throughout their life cycle.
